## TABLE OF CONTENTS

Rights Setup	03
User Sign Up	04
Manage Users	06

#### 1. Overview

This PMS – Manage Users User Guide provides instructions for managing user rights and access permissions, including creating and modifying user accounts, assigning roles, and granting access to system functionalities. The guide offers clear, step-by-step instructions with practical examples for everyday use.

#### 2. Rights Setup

Available under **Core > Security > Rights,** this function allows staff to manage rights and access permissions for various functionalities within the system.

To perform the task:

- 1. Select Chain.
- Press New to create a new right.
   Press Edit a right to modify permissions.(when a Right already exists)
   Press Export to export the rights.
- 3. Fill in the required information. (Right code, Right name, Business unit, Division, etc.)
- 4. Set the status to **Open**.
- 5. Click to assign rights for access to various functionalities.
- Press Save to confirm the right setup.
   Press Cancel to cancel the action and close the pop-up.
